COMPACT CLINICAL GUIDE TO WOMEN'S PAIN MANAGEMENT: AN EVIDENCE-BASED APPROACH FOR NURSES

Springer Publishing Co Inc. Paperback / softback. Book Condition: new. BRAND NEW, Compact Clinical Guide to Women's Pain Management: An Evidence-Based Approach for Nurses, Yvonne D'Arcy, "This wonderful and insightful book is an excellent resource for providers caring for women experiencing pain. This group of patients is considered a vulnerable population that is often faced with issues of power imbalance and lack of understanding from the healthcare professionals charged with providing them assistance. This unique book is an excellent resource for all primary care providers and pain management providers. Weighted Numerical Score: 99 - 5 Stars!" Kathleen Woodruff Doody's Medical Reviews "The care provided to women in pain unfortunately often adds to the suffering rather than relieving it. This clinical resource describes instead the evidence-based approach to women's pain that offers optimum relief as well as a compassionate response. Congratulations to Yvonne for creation of this resource, which will serve as an excellent tool for clinicians dedicated to pain relief for women. " -Betty Ferrell, PhD, MA, FAAN, FPCN, CHPN Professor and Research Scientist City of Hope, Duarte, California Recent research studies have indicated that there is a difference between the pain experienced by men and that experienced by women. This is the only clinical reference specifically geared to management of all commonly presented pain conditions particular to women. It is written by an NP Pain Management Specialist for nurses in all settings, and provides evidence-based guidelines for treating women's pain as a unique entity. Concise and portable, the guide delivers key information and helpful pain strategies that will support individualized pain management approaches and help to improve pain management outcomes. The guide provides quick access to nursing guidelines for treatment of pain due to fibromyalgia, TMJ pain, phantom breast pain, postmastectomy pain syndrome, menstrually related migraine headaches, irritable bowel...
