

Solid Waste Management and Recycling (Paperback)

By -

Springer, Netherlands, 2010. Paperback. Book Condition: New. 235 x 155 mm. Language: English . Brand New Book. This book is for practising professionals and academics working in urban planning and international development: international project staff, trainers, urban development researchers and teaching staff in universities and polytechnics. Solid Waste Management and Recycling is unique in that it: -utilizes an integrated solid waste management perspective in its analysis; -provides embedded case study data; -deals with both formal and informal actors and institutional arrangements in solid waste management and recycling; -has chapters written by experts from the countries concerned (Kenya and India); -can be used in graduate-level courses in urban development, urban management and planning, and technical engineering courses for students, project staff, and technical students. Softcover reprint of the original 1st ed. 2004.
