

Information Technology and the Productivity Paradox: Assessing the Value of Investing in IT (Hardback)

By Robert H Smith Professor of Information Systems Henry C Lucas

Oxford University Press Inc, United States, 1999. Hardback. Book Condition: New. 239 x 160 mm. Language: English . Brand New Book ***** Print on Demand *****.From networks to databases, email to voicemail, the amount of capital being invested in information technology each year is staggering. By 1996, U.S. firms were spending more than \$500 billion annually on software, networks and staff. The recently merged Bank of America and NationsBank have an initial IT budget of 4 billion dollars. As firms like this push rapidly into the business world of the 21st century, the question has remained: how do firms measure returns from these substantial investments in information technology? Henry C. Lucas effectively answers this question by providing a creative and reliable framework for measuring the competitive advantages and profits gained through investments in state-of-the-art information systems. There is value in information technology, and it is possible to show returns, Lucas argues-unfortunately this value just doesn't always show up clearly on the bottom line of a ledger. In five expertly presented sections, he spells out exactly what businesses can expect from their information technology investments-some investments create a measurable value, some do not, but all are important nonetheless. Through a...
