It addresses operational concepts, principles, fundamentals, planning, operational considerations, and training and support functions. PURPOSE The purpose of this publication is to guide tactical commanders and staffs while they are conducting operations to shape the CBRN threat and hazard, facilitate the larger joint force mission, and serve military and national strategy. To prevent, counter, defend, and mitigate to enable deployed forces to continue mission-critical operations under CBRN hazard conditions. This publication serves as a foundation for developing multi-Service and Service-specific manuals, standing operating procedures, and response standards and for refining existing training support packages, mission training plans, training center and unit exercises, and Service school curricula. It drives the examination of organizations and materiel developments applicable to the military support of CBRN operations. Provides a link between CBRN operations multi-Service doctrine and the appropriate joint doctrine, namely JP 3-11, JP 3-40, and JP 3-41. Provides a reference summary of relevant strategic and operational guidance for CWMD contained within national security and national military policy, strategy, and treaties. Introduces and summarizes the challenges associated...
